Military importing oxygen generation plants from Germany

New Delhi : The Armed Forces Medical Services (AFMS) is importing mobile oxygen generation plants to address the oxygen crisis precipitated by the second wave of the coronavirus disease (Covid-19), people familiar with the development said on Friday. The AFMS is importing 23 mobile oxygen generation plants from Germany, and these will arrive within a week, said one of the officials cited above. These plants will be deployed in AFMS hospitals catering to Covid patients," he said. Each plant can produce 2,400 litres of oxygen per hour. "At this rate, it can cater to 20-25 patients round the clock. The advantage of these plants is that they are easily portable," the official said. The military and other wings of the defence ministry have been ordered to respond on war footing

to fight the outbreak that has so far claimed nearly 185,000 lives, as reported by Hindustan Times.

From setting up Covid hospitals to ramping up oxygen production and airlifting of medical staff and oxygen containers to liaising with state governments to help them deal with the rising number of daily cases, the armed forces, the Defence Research and Development Organisation (DRDO) and defence public sector undertakings (DPSUs) are working overtime for Covid-19 relief. The DRDO is among the organisations that are at the forefront of fighting the second deadly wave of Covid-19 that has ripped through the country. A new Covid hospital set up by the DRDO in Ahmedabad will be functional from Saturday. The hospital has been readied in less than 10 days.

The Dhanvantri Covid Hospital has a capacity of 900 beds. including 150 intensive care unit (ICU) beds, said a second official. The remaining 750 beds also have provision for oxygen, he added. The DRDO has set up the facility in collaboration with Gujarat government. It has so far set up or is in the process of setting up state-of-the-art Covid hospitals in six cities to treat more than 3,100 critical patients. The DRDO has

and converted an ESIC hospital into a 500-bed Covid facility in Patna. In addition, hospitals with 450 beds in Lucknow and 750 beds in Varanasi are expected to be functional soon. A sixth Covid hospital is being readied in Bihar's Muzaffarpur. The Indian Air Force on Thursday airlifted three empty oxygen containers from Hindon to Panagarh in West Bengal where these will be filled up and supplied to different centres for Covid relief. The IAF used its C-17 and Il-76 heavy-lift aircraft to move the containers. Also, it moved empty oxygen containers from Begumpet to Bhubaneswar on Friday. Once filled, the containers will be carried to Covid centres by rail or road.

Prevent Oxygen-related Emergencies prepare a data sheet containing The procedure Mumbai

Covid-19: BMC Frames Procedure to

Brihanmumbai Municipal Corporation (BMC) on Friday announced that it has fixed a procedure to prevent any emergencies due to oxygen supply amid the COVID-19 pandemic. The BMC has asked all hospitals in the city and various departments of the civic administration to strictly follow the protocol, an official release stated.

As per the procedure, chief engineers of the mechanical and electric departments will

ward-wise details of all private COVID-19 hospitals, their oxygen suppliers and types of cylinders they have. The release further stated that the information will be made available to the BMC's ward controls and the Food and Drugs Administration (FDA). Hospitals will have to register their demand for oxygen at least 24 hours before or as per their agreement, whichever is the earliest, it was stated. "Hospitals will have to inform ward control rooms if the oxygen supply is not made

available within 16 hours,"

the release stated.

contains detailed information about what needs to be done if suppliers failed to deliver oxygen well within the stipulated time, it was stated. The administration has also asked all ward offices, the public health department and hospitals to strictly follow this procedure. The move has come after the civic body encountered two oxygenrelated emergencies in a week's time, when it had to arrange for cylinders for a private hospital in Ghatkopar and shift 168 COVID-19 patients from six civic hospitals due to supply issues.
